## 7. RISKS

- a. The Aventus Staker understands and accepts the risks in connection with using ETH as part of the Aventus Network and receiving or staking AVT as set forth above and hereinafter. In particular, but without limitation, the Aventus Node Operator understands the risks set forth below:
- i. Risk of software weaknesses: The Aventus Staker understands and accepts that the Aventus Network concept and the Aventus Node Software and underlying code is in beta development stage and unproven, and that there is no guarantee that the deployment of the Aventus Network and AVT will be uninterrupted or error free, and there is an inherent risk that the software could contain weaknesses, vulnerabilities, or errors causing, inter alia, the complete loss of ETH and / or AVT for which neither the Foundation, nor any other individual, entity or other party involved in the Aventus Network will be held liable.
  - ii. Regulatory risk: The Aventus Staker understands and accepts that the blockchain technology allows new forms of interaction, and that it is possible that certain jurisdictions will apply existing regulations on, introduce new regulations addressing, blockchain technology-based applications, which may be contrary to the current setup of the Aventus Network, and which may, inter alia, result in substantial modifications of the Aventus Network, including its termination and the loss of AVT for the Aventus Staker. Moreover, the Aventus Staker understands and acknowledges that current regulatory regimes governing blockchain technologies and cryptocurrency tokens are uncertain. Therefore, none of the Foundation, or any entity or person affiliated with or employed by the Foundation can anticipate future regulatory developments, any of which may have an adverse effect on the Aventus Network and AVT. Operations such as the Aventus Network likely will continue to be scrutinized by regulatory bodies around the world, and such scrutiny may lead to increased regulatory oversight that may compel the Aventus Network to change its operations in a material manner or even cease operations altogether. The Aventus Staker understands and acknowledges that these risks may adversely affect the Aventus Network and AVT.
  - iii. Risk of lack of success: The Aventus Staker understands and accepts that the development of the Aventus Network and AVT may be limited

for a number of reasons, including lack of interest from the public, lack of funding, and lack of commercial success or prospects. The Aventus Node Operator therefore understands that there is no assurance that, even if the Aventus Network is partially or fully developed, the Aventus Staker will receive any benefit including Fees in connection with the Aventus Network.

- iv. Risk of inactivity: The Aventus Staker understands and accepts that AVT are intended to be issued to, used and exchanged among active participants in the Aventus Network, not for speculative purposes.
- v. Risk of theft: The Aventus Staker understands and accepts that the Aventus Network and the Aventus Node Software may be exposed to attacks by hackers or other individuals that could result in theft or loss of AVT or ETH, impacting the ability to develop the Aventus Network.
- vi. Risk of attacks: The Aventus Staker understands and accepts that, as with other cryptocurrencies, the blockchain used for the Aventus Network is susceptible to majority attacks, including, but not limited to, double-spend attacks, majority stake attacks, and race condition attacks. Any successful attacks present a risk to the Aventus Network, expected proper execution and sequencing of AVT transactions, and expected proper execution and sequencing of contract computations.
- vii. Token risk: the Aventus Staker understands and accepts that their AVT is at risk, and warrants that no future claims will be brought to the Foundation, or any interested parties and their subsidiaries, including but not limited to Aventus Network Services Limited, of the same to seek relief in the event of loss.

## **8. AVENTUS NODE FEES.**

### **a. Aventus Node Deposit.**

- i. At Phase 1, the Aventus Network will launch with 10 Phase 1 Aventus Nodes, each with an equal probability of selection to process transactions (i.e. 10% probability). Each Phase 1 Aventus Node that successfully processes a transaction will earn a pro rata share of the Fees associated with the transactions processed by it. At Phase 1, each Phase 1 Aventus Nodes will have a total stake of 250,000 AVT

which will be locked in from the moment the stake is contributed until the Scheme End Date.

- ii. You can deposit any amount of AVT (the "**Staking Amount**") to be associated with any of the 10 Phase 1 Aventus Nodes using the Staking Contract (defined below). For the avoidance of doubt, all deposits and withdrawal of Staking Amounts will incur a transaction fee which shall be Your responsibility to pay in addition to the Staking Amount.
  - iii. If You are admitted as Aventus Staker, an Ethereum smart contract (the "**Staking Contract**") will be deployed at an address the details of which You will receive after accepting these Terms by email to the email address that You have provided to us. This Staking Contract will:
    1. incorporate by reference the full terms and conditions of these Terms;
    2. transfer the AVT accepted for contribution by the Foundation to the Aventus Network whereupon the AVT will be associated with the relevant Aventus Staker Node. On the Scheme End Date, transfer the AVT back to the Staking Contract whereupon the AVT may be withdrawn.
  - iv. You may withdraw the Fees associated with the Phase 1 Aventus Nodes that You staked from the Staking Contract on a monthly basis within 6 Business Days of the end of each month.
  - v. If You share or onwardly distribute the Staking Contract with or to any other party You shall procure their acceptance of these Terms and shall be deemed to make all the representations and warranties set out in these Terms on their behalf.
- b. Deposit of the Staking Amount The Staking Amount will be retained by the Foundation in full as a deposit conditional upon You making a Graceful Exit Release. Upon a Graceful Exit Release, the Staking Amount will be returned in AVT to the Staking Contract within 90 days after the Scheme End Date for You to withdraw ("**Graceful Exit Release**"). Once You have withdrawn the Staked Amount the funds will be received by You within 10 working days. Aventus Stakers will be notified of the occurrence of the Scheme End Date by email to the email address that You provided.

- e. Disqualification. If You violate any term of these Terms, including without limitation any of the representations or warranties set forth herein, You and Your associated stake may, in the Foundation's sole and absolute discretion, be subject to Disqualification. For purposes hereof, the term "**Disqualification**" means that You are entitled to no future payment of Fees, and You immediately forfeit the Staking Amount held by the Aventus Network.
- f. Access to Keys Any damages or losses You suffer resulting directly or indirectly from Your payment key pair being compromised or access lost is Your liability alone and the Foundation shall bear no responsibility in connection thereto.
- g. Expenses. Each Aventus Staker is solely responsible for all expenses it incurs in connection with these Terms, and the Foundation shall not reimburse the Aventus Staker for any expenses hereunder.
- h. Taxes. The Fees shall be inclusive of any and all taxes applicable to the Aventus Staking Services delivered hereunder. You shall be responsible for payment of all taxes applicable to You arising out of its activities hereunder these Terms, including but not limited to, federal, state, local, and applicable foreign income tax, Social Security tax, unemployment insurance tax, and any other tax or business license fee as required.
- i. Breach. In the event that an Aventus Staker commits a material breach of any of these Terms, the Aventus Staker shall (in addition to the other remedies under these Terms) forfeit any right to compensation and Fees under these Terms from the date of such breach.

  - ii. You may terminate these Terms from the Scheme End Date with one month's written notice to the Foundation.
- c. Upon termination, You will comply with any and all reasonable instructions of the Foundation for ceasing staking activity (referred to as a "**Graceful Exit**"). Any time You cease participation, it is subject to the requirements and conditions of Clause 8 (Aventus Node Fees) herein.
- d. Termination for cause. The Foundation may terminate these Terms with an Aventus Staker if such Aventus Staker:
  - i. Commits a material breach of any term of these Terms; or
  - ii. uses the Staker Programme in a manner that the Foundation reasonably believes may cause a security risk, a disruption to the Aventus Network, or liability for the Foundation.
- e. Effect of Termination. If the Foundation terminates these Terms in accordance with clause 9d, the Foundation will have no obligation to pay any compensation or Fees under these Terms from the date of such breach.
- f. If these Terms are terminated for any other reason, the Foundation shall pay You all compensation and Fees due and payable under these Terms via the Staking Contract.

## 10. OWNERSHIP
